Celebrating Women in Construction

From Capital Projects to Major Maintenance, PU Civil to Building Services, much of the work Facilities does and supports is construction related. Across Facilities, 30% of the staff identify as women. That's compared to only 10.8% women in the construction field nation wide.

Facilities celebrated Women in Construction week March 4-8. Read more about the activities on Inside Facilities.

Facilities VP Town Hall

Vice President for Facilities Kyu Whang hosted his spring Town Hall meeting for Facilities staff on Thursday, March 7. The presentation included updates and news about the organization and had a Q&A session.

Watch the video recording from the meeting on Inside Facilities.

Ron McCoy Honored by CSU

Ron McCoy, University Architect, is a featured honoree at the upcoming 2024 Consortium for Sustainable Urbanization (CSU) Annual Gala. CSU promotes a “better understanding of the role of sustainable urbanization and resilient design.” The 2024 gala recognizes five outstanding individuals and their work advancing sustainable and equitable urbanization.

Ferris Thompson Gate Wins Gold Award

The Ferris Thompson Gate, which sits along Prospect Avenue, was restored in 2022 and reinstalled in January 2023. The project has received a 2024 Gold Award for Restoration in the Ernest Wiemann Top Job Contest held by the National Ornamental and Miscellaneous Metals Association (NOMMA).
MacMillan Renovation

Phase one work completed to date includes installation of a new coffee station and communal dining area, updates to the men’s and women’s restrooms, and new furniture, lighting, and carpeting.

With items uncovered during demo, additional time is needed to complete phase one. Completion is anticipated by mid-March. Coordination is underway for staff moving into the completed spaces and for those that will relocate for the upcoming phase two and phase three work.
